Subject: PRODUCT UPGRADE - DP MANUAL DEPANELING PLIERS

New Product upgrade: DP SERIES

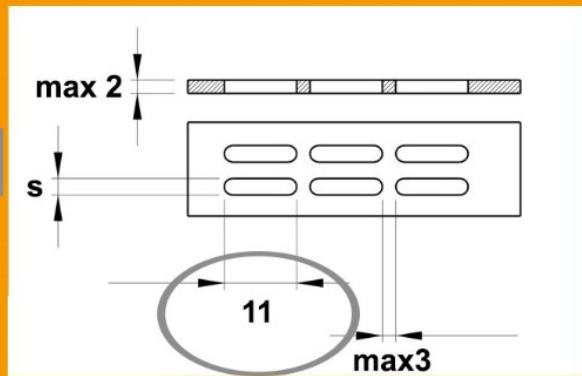

In order to improve the efficiency of our products, we are glad to inform you that in a short time the following products **DP15N-DP18N-DP20N-DP23N-DP24N-DP25N** will be supplied with an improved head profile as shown in the above picture.

old version of DP SERIES

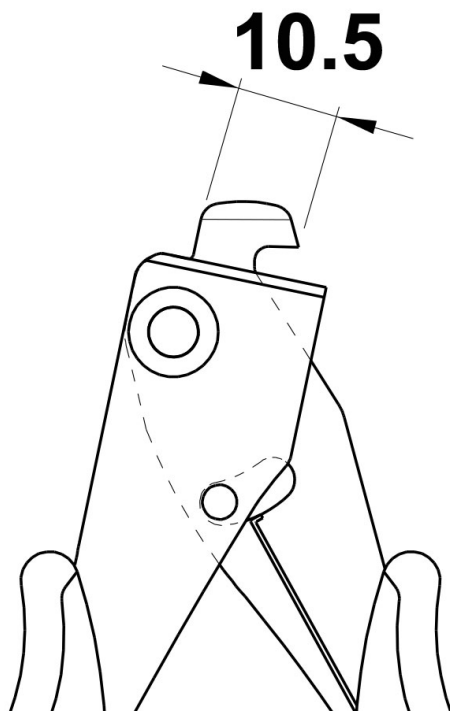

new version of DP SERIES

The new version's head can be inserted in smaller tab

The reduced dimensions of DP head will allow the depaneling of small sized tab

MODEL	S
DP10N	1.0mm
DP15N	1.5mm
DP18N	1.8mm
DP20N	2.0mm
DP23N	2.3mm
DP24N	2.4mm
DP25N	2.5mm

Furthermore we inform you that a new size of DP is available on request. DP10N with S=1.0mm.

Thanks to the new head shape it is even easier to drop off the cut part from the tool.

We will start the production of new DP series in a short time, as soon as the old model goes out of stock. Price and sales conditions will not vary.
