

V 250

FUME EXTRACTION SYSTEM

A dual-arm extraction system for soldering applications

Ideal for: De-soldering, conformal coating, gluing, potting, hand soldering, lead-free soldering, rework stations, soft soldering.

The V 250 is a dual-arm, portable solder fume extraction system. It comes complete with two extraction arms and an easy-to-follow installation kit containing everything required to set up two operators with ease. The minimal installation allows for convenient relocation when factory layouts change.

- Simple installation
- Portable

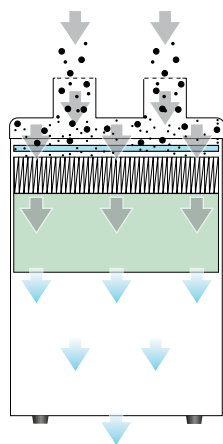

Approvals UKCA and CE

Technical specification

Dimensions	16.54 x 11.42 x 10.63"	420 x 290 x 270 mm
Weight	22 lbs	10 kg
Airflow / Pressure	106 cfm / 30 mbar	180 m³/hr / 30 mbar

Airflow drawing

-  Pre-filter
-  HEPA filter
-  Carbon filter
-  Particulate
-  Contaminated air
-  Clean filtered air

Features

-  HEPA filter
-  Advanced carbon filters
-  Filter change signal (optional)
-  Remote stop/start signal (optional)
